Easy-To-Use Features
- Custom sizes and depths
- Flat, non-skid bottom
- Depth markers
- Pre-plumbed recirculation and filtration system
- Optional viewing windows
- Fits through 36” door or opening (exception—fiberglass models)
- Provides 360° of resistance for all range of motion movements

Hudson Aquatic System’s American-made beam pools are unique because they feature optional viewing windows that allow the therapist or trainer to accurately monitor the patient’s or athlete’s gait and range of motion.

AquaPools are perfect for sport teams or individuals wanting gentle swimming during rehabilitation, or high-energy workouts with faster, safer results.

Exercising in an AquaPool can help reduce fatigue and pressure on joints, soothe aches, and help with balance.

**Unlock the Power of Aquatics**

Using an AquaPool can help improve mobility and flexibility as well as allow patients to recover from surgery or an injury quicker, and experience greater quality of life and well-being.

**Pacer Fiberglass**
- Minimum Pool Size: 6’ x 17’
- Maximum Pools Size: 6’ x 17’
- Water Depth—Min/Max: 42”
- Includes Recirculation System with Filter, Heater and Pump

**Designer Fiberglass**
- Minimum Pool Size: 8’ x 12’
- Maximum Pool Size: 8’ x 12’
- Water Depth—Min/Max: 48”
- Entry Stairs: Included
- Includes Recirculation System with Filter, Heater Pump

**Benefits:**
- Higher outcomes in half the time
- Effective exercise for fitness, training, conditioning, and wellness
- Cold water pools reduce swelling and increase blood flow
- Multiple depth pools provide controlled buoyancy for more than one patient
- Warm water and buoyancy help relax muscles, reduce muscle stress and decrease impact on joints

Hydrotherapy in an underwater treadmill or custom therapy pool uses the natural properties of water, or the principles of relative density, buoyancy, hydrostatic pressure, surface tension, viscosity and resistance to achieve its therapeutic benefits in a safe environment.

**Optional Accessories**
- Chair lift
- Rails
- Spa Jets
- Benches
- Skimmer Options
- Resistant Swim Current
- Heater
- Chiller Units
