230 VAC | 1 Phase | 60 Hz | 50 Amp Service

Easy-To-Use Features

- Easy Lift-and-Clean Treadmill
- Treadmill Operates Forward and Backward
- Color Touchscreen Controls
- Optional Resistance Jets
- Plug N Play Modular System

The American-Made AquaPaws JR is used for rigorous cardiovascular workouts with reduced impact and stress on joints, offering low-impact, high-resistance therapy for rehabilitation from injury, optimal training and conditioning and weight loss.

The AquaPaws JR system fits into a space as small as 8'x10'. It offers many of the same features and options as the AquaPaws SS including energy saver software as well as a smaller chassis and the convenience of mobility. It can easily be self-installed, disassembled and moved at a later date.
